Product Description: Add "Color / Finish" suffix to Model number, below.

Experience the perfect blend of style, innovation, and functionality with the Thermostatic Exposed Shower Set. This elegant system features a 36" riser and 28" supply lines, ensuring a consistent and invigorating water flow for the ultimate shower experience. The sleek, exposed design adds a contemporary touch to any bathroom, while the precise thermostatic control maintains a comfortable water temperature, eliminating the risk of scalding or cold shocks. The included handheld shower head offers unparalleled flexibility, making it ideal for rinsing, cleaning, or assisting those with mobility needs. Constructed from high-quality materials with a durable finish, this shower set guarantees longevity and effortless maintenance. Perfect for modern homes and renovations, the Shower Set is the ideal choice for those who seek luxury and performance in every shower.

Product Dimensions:

Shower Head	4.33" H X 7.87" W X 15.5" L
Overall Height - Top to Bottom	45" H
Bottom of Head or Spout to Inlet	37"
Overall Product Weight	20 lb.

Product Features:

- **Exposed Thermostatic Valve:** Ensures consistent water temperature control, preventing sudden temperature changes for a stable and comfortable shower experience.
- **45" Wall-Mounted Design:** Provides a spacious setup with an extended reach for enhanced comfort and easy access to controls.
- **1.75 GPM Handshower:** Delivers a powerful flow rate of 1.75 gallons per minute, ideal for a refreshing shower or convenient rinsing. Its ergonomic design ensures easy handling and targeted water delivery.
- **High-Quality Construction:** Made from durable materials such as brass or stainless steel, ensuring long-lasting performance and resistance to corrosion. Available in stylish finishes like chrome or matte black
