Product Description: Add "Color / Finish" suffix to Model number, below.

The Exposed Thermostatic Shower Set with Spout blends advanced technology with sleek design to enhance your shower experience. Featuring an exposed thermostatic valve, it offers precise temperature control and steady water flow, ensuring a comfortable shower. The integrated spout adds versatility, ideal for filling bathtubs or rinsing. Constructed from durable brass or stainless steel with modern finishes like chrome or matte black, it resists corrosion and adds a stylish touch to your bathroom. The set includes the thermostatic valve, spout, riser, shower arm, shower head, and all mounting hardware for a complete and easy installation.

Product Dimensions:

Shower Head	4.33" H X 7.87" W X 15.5" L
Overall Height - Top to Bottom	45" H
Tub Faucet	8.5"
Overall Product Weight	22 lb.

Product Features:

- **Exposed Thermostatic Valve:** The core feature is its exposed thermostatic valve, which offers accurate temperature regulation and consistent water flow. This design prevents sudden temperature changes, ensuring a safe and comfortable shower.
- **Integrated Spout:** This model includes a stylish spout that provides an additional option for filling bathtubs or rinsing, adding versatility to your shower setup.
- **Dual Shower Options:** Includes both an overhead rainfall showerhead and a handheld shower, allowing for a customized shower experience.
- **Riser:** Connects the valve to the spout or showerhead, allowing for proper height and positioning.

- Durable Construction: Made from brass or stainless steel with finishes like chrome or matte black for durability and style.
