## Product Description: Add "Color / Finish" suffix to Model number, below.

The Exposed Thermostatic Shower Set combines elegance and functionality, making it a perfect addition to any modern bathroom. With its exposed thermostatic valve, this shower set provides precise temperature control, preventing sudden fluctuations in water temperature for a safe and comfortable showering experience. The minimalist design, paired with durable construction, offers a sleek and contemporary look that enhances your bathroom's aesthetic. Additionally, its exposed setup simplifies both installation and maintenance, ensuring long-lasting performance and easy access for adjustments or repairs.

## Product Dimensions:

Shower Head	2.75" H X 4.875" W X 5.5" L
Overall Height - Top to Bottom	42" H
Bottom of Head or Spout to Inlet	35"
Overall Product Weight	20 lb.

## Product Features:

- Exposed Thermostatic Valve: Ensures accurate temperature regulation and stable water flow, providing a consistent and comfortable showering experience.
- Versatile Shower Options: Compatible with a variety of showerheads and accessories, allowing you to customize your shower setup to suit your needs.
- Sleek Design: The minimalist exposed design enhances the visual appeal of your bathroom while offering practical functionality.
- Easy Installation: The exposed configuration allows for straightforward installation, making it suitable for both new builds and renovations.
- Self-Cleaning Nozzles: Prevents mineral build-up, ensuring optimal performance and simplifying maintenance.
