Raizer II

The Most Innovative
Solution to Manage a Fall

The Raizer II is a simple battery-operated mobile lifting chair that helps a fallen person up to an almost standing position in just 30 seconds. The Raizer can easily be assembled and operated by only one person and does not require any physical effort besides a supportive hand. The design of the Raizer makes it easy to assemble and operate and ensures easy cleaning.

Easy to carry
and store!

Convenient and ergonomic to transport

- Effective transport
- All parts are supplied in two practical bags
- Legs, backrest and other parts are positioned intuitively in an easy-to-carry bag as their position in the bag mirrors the sequence of assembly
- The seat unit is carried separately in a protective cover, with a soft ergonomically designed handle
- The two bags can also be carried on a trolley (optional accessory) with enough space to place the bags side by side

Small Footprint

Easy to use

Lithium Ion Battery Powered

Lifts in 30 seconds

Easy to clean

Only needs one caregiver

Easy and Reliable Charging

IDEAL FOR:

- Community Falls Response Teams
- Care homes
- Hospitals
- Leisure centres
- Ambulance services
- Individual carers
- Cruise Ships
- First Responders
- Retirement Homes
- Assisted Living Homes
